The paragraph is included in the agenda document, or is it separate?

OK, add to the agenda with a paragraph or attach a 1 pager.

We do have another potential CAA agenda item if you want to add:

The Once In Always In (OIAI) Rule Workgroup has just received the draft preamble to review – this is the NESHAP Amendment to the General Provisions (SAN 4908) to address the policy change.

This was assigned as Tier 3 and therefore, no discussions about having Early Guidance or Options Selection. We may want to ask David if he would like us to request an “uptier”. AED would agree with us on requesting the uptier if we so choose.

Sara and Terri are the OECA workgroup members (neither is the “lead” since this is currently Tier 3).

This week’s MAMPD General has been moved to Thursday at 4pm and next weeks has been canceled. I know we had talked about canceling, but seems we may want to have it this week. Let me know what you think.

Thanks!
